Trevor Baggione
Director, Water Quality Division
Arizona Department of Environmental Quality
1110 West Washington Street
Phoenix, Arizona 85007

November 16, 2018

Dear Mr. Baggione:

On September 14, 2018, EPA took action on Arizona's 2018 list of water quality limited segments requiring total maximum daily loads (TMDLs) pursuant to Clean Water Act (CWA) Section 303(d), and 40 C.F.R. § 130.7(d)(2). EPA approved the inclusion of all waterbodies and pollutants that the State identified as requiring TMDLs and disapproved the omission of five waterbodies and associated pollutants that met federal listing requirements.

As described in the enclosure, EPA provided public notice and solicited public comment on the proposed waterbodies and associated pollutants for inclusion in Arizona's List. No comments were received during the comment period. Consequently, the five waterbodies and associated pollutants are hereby added to Arizona's 2018 CWA Section 303(d) List.

I look forward to our continued partnership to protect Arizona's lakes, rivers, and streams. If you have questions, please do not hesitate to call me at (415) 972-3337, or refer staff to Matt Bolt at (415) 972-3578.

Sincerely,

November 15, 2018
Tomás Torres
Director, Water Division
